STANDARD OPERATING PROCEDURE	

POLICY:

The Center provides a safe and secure facility for the Student Government Association (SGA), under the auspices of Center management, to operate a Snack Bar/Student Store for the benefit and welfare of the entire student population, where they may purchase food, snacks, soda and sundry and personal care items at a reasonable price without having to go off Center.

PROCEDURE:

1. The Snack Bar/Student Store is staffed by a Snack Bar/Store Supervisor whom reports to the Food Service Manager, assisted by paid/volunteer Student Employee(s) who are recommended for selection/hiring from Executive Board members, through an application and interview process to be established by the Student Government with support of the SGA Leadership Specialist. One or more staff members are on duty during store operating hours. No Student Employee is ever left unsupervised in the Store. The Student Store is always closed at night by the Snack Bar/Store Supervisor or Social Development staff; it is never left to a student for closure at any time.
2. Physical Inventory counts are taken monthly. The Snack Bar/Store staff values the monthly inventory count using current invoice costs and provides it to Finance by the fifth (5th) of the following month. Finance Department Staff audit the physical counts and inventory valuations.

The Snack Bar/Store Supervisor will use an inventory tracking spreadsheet to include receipts, issues and sales to be printed and submitted to Finance weekly. The Finance Department will train staff and ensure that the spreadsheet is adequate.

3. Daily sales are reconciled daily utilizing the Daily Snack Bar/Store Sales Form Attachment. At close of store, the store receipts are counted and the Form Attachment is completed and signed by Snack Bar/Store Supervisor, or designee. The money is removed from the cash register, with the empty register door clearly left open to avoid a potential break-in, put into a bank bag and secured in the locked student store safe overnight. Each business day, the money is transferred by the Snack Bar/Store Supervisor to the Finance Department for verification of funds. The Snack Bar/Store Supervisor should be escorted by a Safety/Security staff member for each transfer. A receipt is processed, the money is placed in the Finance

The Snack Bar/Store Supervisor and students may not place orders with vendors. Minimum inventory on hand, maximum purchase limits and standard vendors are established by the Store Specialist with approval of the Executive Board at least annually. In determining purchase quantities, consideration is given to availability and frequency of vendor delivery, maintaining minimum quantities while avoiding fully depleting items, seasonal adjustments and student preferences.
