SOP Healthy Eating Active Lifestyles Program (HEALs)

PURPOSE:

To establish a Standard Operating Plan that Food Services Managers/Supervisors can follow to provide quality food services operations that will ensure students receive well-balanced, nutritious meals, which will enable them to remain healthy throughout their participation in the program.

RESPONSIBLE OVERSIGHT:

Administration Director/Manager

Food Services Manager/Supervisor

RESPONSIBLE STAFF:

Food Services Staff

Finance Department

Culinary Arts Instructor (if applicable)

WBL Staff

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

POLICY:

This plan provides Managers step-by-step instructions to manage quality operations. It ensures students receive well-balanced, nutritious meals; promotes healthy eating in a clean, sanitary and safe environment; and, provides for consistency in the quality of services at all Centers.

PROCEDURE:**FOOD SERVICES PLAN****A. Staffing**

Staffing levels are determined by the number of students the Center serves (OBS) and are identified in the approved Organizational Chart. Staffing usually will consist of a Manager/Supervisor, Assistant Manager, Cook, Assistant Cook and Food Services Assistants.

The mission is to provide high-quality meals in sufficient quantities to satisfy our students, staff and visitors. All staff are expected and required to provide quality customer service to all students, staff and visitors/guests.

Roles & Responsibilities of Food Service Staff

These roles and responsibilities are not all-inclusive, but rather to serve as a basic guide. Staff should be cognizant of their required duties per their job descriptions.

Food Service Manager/Supervisor

- Manages and oversees the overall Center food preparation activities, and the staff and students who may be performing those activities.
- Manages the dining room, with the assistance of staff monitors, ensuring proper student behavior and providing a safe, clean and comfortable environment for students.
- Ensures quality control, plans menus, arranges food purchases, food deliveries and manages food services budget.
- Ensures adherence to local, state, and federal sanitation codes.
- Ensures department staff are Serv Safe Certified within 90 days of employment.
- Delivers meal log, attachment Daily Staff/Visitor Meal Log, and used tickets to Finance daily.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

Food Services Assistant Manager

- In the absence of the Food Services Manager/Supervisor, the Assistant Food Service Manager takes on that role.
- Assists the Manager with the overall Center food preparation activities and oversight of those working in the area.
- Assists the Manager with the management of the dining room.
- Ensures quality control, plans menus, assists with food orders and management of the food service budget, checks quality of deliveries and food storage.
- Oversees food preparation for special functions.
- Assists Food Services Manager/Supervisor to ensure that local, state, and federal sanitation codes are being adhered too.

Cook

- Supervises Food Services staff during assigned shifts in the absence of management staff.
- Oversees food serving, dining room activities and student conduct.
- Manages and oversees Work Based Learning students.
- Prepares food in accordance with planned menus, quantity requirements and nutritional needs.
- Makes recipe calculations involving fractions and percentages for meal production. Utilizes production schedule to minimize waste and to prepare sufficient quantities of food on a consistent basis.
- Cleans kitchen area, equipment, and dining hall as required to ensure sanitation and cleanliness of all food services areas.

Assistant Cook

- Assists in the preparation and presentation of quality food.
- Manages and oversees Work Based Learning students.
- Assists in kitchen clean-up, washing dishes, cleaning and sanitizing the food preparation area.
- Plans, prioritizes and organizes assignments to meet established goals and deadlines.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

- Adheres to all local, state, and federal sanitation codes.

Food Services Assistant

- Transfers food, supplies and equipment between storage areas, the kitchen and/or dining hall.
- Maintains cleanliness of all kitchen equipment.
- Adheres to all local, state, and federal sanitation codes.

ServSafe: The Food Services Manager/Supervisor is responsible to ensure all Food Services staff are ServSafe certified. Food Services Managers/Supervisors should be ServSafe Proctor Certified. The Food Services Manager/Supervisor must work with the Human Resources Department to track staff ServSafe certification expiration dates and to ensure there are no lapses in certifications.

B. Culinary Arts Collaboration

The Culinary Arts Career Technical Training (CTT) Program can and should play a major role in support of student meal preparation and serving. Effective collaboration between Culinary Arts and the Food Services Department is a great support to the Food Services operation and provides excellent work experience for Culinary Arts students. The FS Manager and the Culinary Arts Instructor must remain in communication to ensure success in the program. The following forms of collaboration are minimally expected:

1. Culinary Arts should prepare all cold salads and desserts two days a week. Food Services will provide all product and menu items to Culinary Arts at least two days prior to the need of the menu item.
2. Culinary Arts should manage an action station a minimum of one day a week. The station can provide an alternative entree to the regular food line. The action station can consist of hot or cold items (e.g. pizza bar, stir-fry, deli-style sandwiches, and freshly prepared salads). Food Services will provide the raw materials to prepare the food items for the station at least two days prior to the need of the menu item.

C. On-Center Worked Based Learning (WBL) Program

An effective and consistent WBL program provides beneficial student support in operation of the Food Services department and allows students opportunities to better understand Culinary careers and expectations.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

WBL for Food Services is an on-Center activity designated only for Culinary Arts students. The Food Services Manager/Supervisor must work cooperatively with WBL/Transition staff to operate the Food Services WBL program and to identify, select and manage the Food Services WBL students. Adams SOP Work Based Learning (WBL) and Associated Activities describes the parameters and documentation required of the WBL program.

Up to two students per Culinary Arts class may be eligible for a WBL stipend for their quality participation in the Food Services WBL program. Receipt of the stipend is dependent upon consistent and quality work validated by the WBL student's weekly time card and the Food Services Manager's/Supervisor's evaluation of the student's work. This stipend encourages quality WBL participation and provides the Food Services Manager/Supervisor with a method to recognize and reward WBL students. This stipend program is described in detail in SOP On-Center Work Based Learning Stipend Program.

D. Dining Hall Monitoring Plan

The Administration Director/Manager is responsible for establishing and implementing a Dining Hall Monitoring Plan. This Plan is designed to provide sufficient staff coverage and supervision of the dining facility to ensure an orderly, pleasant dining environment during all meals.

Lead Monitors: A Lead Monitor is assigned for each meal. The Lead Monitor trains other Monitors in their duties. The Lead Monitors will work with other assigned monitoring staff to provide supervision for each meal. Lead assignments by meal are:

- Breakfast: The Social Development Shift Manager
- Lunch: The Safety and Security Manager/Supervisor
- Dinner: The Social Development Shift Manager
- Weekend Brunch/Holidays: The Social Development Shift Manager

The Lead Monitor will complete the attachment Food Services Inspection Sheet and turn it into the Food Services Manager/Supervisor after each meal.

Monitoring Assignments: Monitors will be assigned duties and locations by the Lead Monitor. Typical monitoring duties include:

- One monitor at the entrance door to the dining facility checking ID's and counting staff and students. This staff is responsible for controlling student behavior in this

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

area. This monitor will ensure all non-students eating in the dining facility have signed attachment The Daily Staff/Visitor Meal Log, and record on this form the total number of monitors and other staff/visitors eating in the dining facility for that meal.

- One monitor controlling the serving line inside the dining facility.
- One monitor mobile throughout the dining facility.
- Monitors may be relocated or reassigned as needed by the Lead Monitor to support proper student supervision and management.

The Lead Monitor should be as visible and available to support and assist the other Monitors as possible and practical.

Monitoring Requirements:

1. A minimum of three (3) staff are required to monitor during regular meal periods. At least one monitoring staff must have a radio.
2. All staff assigned monitoring responsibilities must sign in a Monitoring Log Book ten (10) minutes prior to mealtime.
3. The Lead Monitor will call departmental managers if their assigned staff does not show up for monitoring duties. Managers will either find a replacement staff or assume monitoring responsibilities themselves.
4. All monitors are to remain in their designated areas until they are relieved.
5. Monitors are responsible for maintaining control of the serving line, keeping noise at an appropriate level, discouraging horseplay, etc.
6. Students are expected to conduct themselves as they would in a public dining facility. Monitors should ensure that this behavioral standard is met.
7. Monitors will maintain an unobstructed passageway to the window for the dishwashing room.
8. Students and staff not scheduled to work the shift are not allowed in the kitchen or behind the serving line.

Dining Hall Rules/Guidelines: Basic rules/guidelines for monitors to adhere to and enforce:

1. No line cutting, yelling or profanity allowed.
2. No early or back/side door entry for meals without a written pass.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

3. No hats, no hoods, no dew rags, no tank tops, no headscarves, no headphone sets.
4. No food is allowed to be taken out of the dining hall.
5. Utensils, glasses and dishes are not to be removed from dining hall.
6. All students and staff must bus their own trays and clear their tables of debris upon meal completion.
7. All students must possess a valid Job Corps ID to gain entrance to the dining hall.
8. All non-students must have a meal ticket to eat eating in the dining hall and must record their name and meal ticket number on the Daily Staff / Visitor Meal Log. If a person does not have a meal ticket, s/he must record his/her name on the Log and Center Finance will collect the meal ticket price later. Monitors and Food Service staff will not accept cash payment for missing meal tickets.

Special Circumstances: Staff authorizing students to eat at times other than regular mealtimes (e.g. early or late) are required to notify the Food Services Manager/Supervisor in writing 24 hours in advance, except for emergencies. The request must list student names and specific times.

Students must possess and display a written meal pass, signed by staff, authorizing Dining Hall entrance at times other than the standard hours of operation. Students must present the passes to the Food Services Manager/Supervisor or designee.

E. Dining Hall Hours of Operations

The Dining Hall will be open during the suggested hours listed below to provide meals services to students, staff and visitors. The Hours of Operations are to be posted inside and outside of the dining hall and throughout the Center.

Meals for Students

1. Centers shall provide three meals per day, except on holidays and weekends, when two meals are acceptable. In lieu of the third, healthy snacks shall be available to students on weekends and holidays.
2. No more than 14 hours shall elapse between meal services.
3. Meal service shall be considerate of schedules for work-based learning, off center activities, late arrivals, etc.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

Hours of Operation

Week Day

Breakfast - 6:30 AM - 7:45 AM

Lunch - 11:00 AM – 1:00 PM

Dinner - 4:30 PM – 6:00 PM

Weekends & Holidays

Breakfast/Brunch - 10:30 AM - 12:30 PM

Dinner - 4:30 PM – 6:00 PM

Snacks: Evening snacks will be served every day between the hours of 8:00 pm and 9:00 pm. Snacks will be served in an appropriate common area (e.g. Recreation Hall, Dorm Lounge or Dining Hall) on Mondays, Fridays, Saturdays, Sundays and holidays. Hot Snacks will be served at a minimum, on Tuesdays, Wednesdays and Thursdays.

F. Menu Preparation

The Food Services Manager/Supervisor will have prime responsibility for the development of the menu. Student input will be obtained on a monthly basis and incorporated in developing Center menus. All menus must meet the standard nutritional guidelines as set forth in USDA, DOL, and U.S. Public Health Services guidelines for young adults. Centers will use the most updated version of the Dietary Guidelines for Americans. www.dietaryguidelines.gov

All Centers must develop and use a 28-day menu cycle.

Menus will offer a variety of items from each of the food groups. All menus must consist of:

1. Two choices of meat or non-meat protein sources at both lunch and dinner.
There must always be a minimum of two meat or non-meat protein served at lunch and dinner.
2. Five choices of fresh or frozen vegetables and/or fruits.
3. Four servings of grain products.
4. Low-fat and/or fat-free milk and dairy alternatives and water shall be available at all meals.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

Centers shall offer meals and food items that meet the dietary needs and desires of a diverse population, including ethnic, vegetarian, and low-fat alternatives. Meals shall reflect the definition of a “Healthy Diet” as described in The Dietary Guidelines for Americans (<https://health.gov/dietaryguidelines/>). Meals Shall:

1. Emphasize fruits, vegetables, whole grains, fat-free or low-fat milk products and dairy alternatives.
2. Include lean meats, poultry, fish, beans, eggs, and nuts.
3. Be low in saturated fats, trans fats, cholesterol, salt (sodium) and sugars.

Portion sizes shall reflect recommendations set forth in The Dietary Guidelines for Americans.

Foods of Minimal Nutritional Value (FMNV) may be available to students in the dining hall on a limited basis. Students may be given the option to purchase FMNV through vending machines or the Snack Bar/Store.

Salad Bar: The Center must provide a well-stocked salad bar, which must contain the following items:

1. Two types of cold salads
2. Two types of proteins
3. Two types of legumes
4. Four different types of low-fat or non-fat dressings
5. Two different types of salad greens
6. Six different types of salad condiments (e.g. sliced onions, sliced cucumbers, sliced eggs, sliced carrots)

Salad Bar items must be held at 41 degrees or lower.

Drinks: The Dining Hall will provide water and a variety of sodas and juices, with the emphasis on serving sugar free or low sugar content beverages. In support of the Healthy Eating and Active Lifestyles (HEALs) initiative, Centers will participate in no-soda-days One day a week. On the no-soda-days, the dining hall will offer a variety of alternative and sugar free beverages.

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

Food Preparation Procedures: All food needed for meals must be broken out for use 48 hours prior to the need of the product. This ensures that the product will have proper time to thaw in time for use. All menu items should be prepared in batches when possible, this will ensure that foods are not over-produced and the highest quality is being served. All HACCP procedures must be followed during preparation of menu item.

Food Preservation: All foods must be properly covered, labeled, dated and stored in proper containers before being placed under refrigeration.

- All foods must be chilled down to proper temperatures before being stored.
- Hot foods cooled down to 70 degrees within the first two hours and cooled down to 41 degrees with the next four hours.
- Cold foods are to be held at 41 degrees.
- All food products must be discarded by the seventh day of preparation per Sanitation and Health procedures.

G. Evening Snack Program

The following are suggestions for providing a cost effective, quality, evening snack program:

1. Freshly made foods are much more cost effective than packaged or prepared products.
2. The cost per serving from dining facility beverage dispensers is much less than individual containers.
3. Hot Snacks may consist of items left over from the lunch or dinner meals as long as the items are served and presented in an attractive manner. Examples include hot sandwiches, soups, hot snack foods, casseroles or cook out items.
4. Culinary Arts programs should be involved in snack preparation to reduce production cost and provide additional labor and support.

Food Services will provide Hot Snack for the evening snack program. Social Development staff will distribute, monitor and supervise the evening snack program.

As appropriate, WBL students as well as SGA Leaders can be involved to provide support and assistance to the Snack Program.

The Administration Director/Manager should ensure that this program is properly administered and supervised.

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

H. Meals for Special Occasions

The Food Services Department will strive to provide service for special occasions as requested, within the limitation of their budget, personnel and facility resources.

On a monthly basis, special multi-cultural/ethnic meals will be provided. These meals should be coordinated with the Center's Diversity/Multi-Cultural Awareness Committee. A representative group of staff and students may be invited to assist in the planning of the meal.

Special Meal Request Process: The staff or student group requesting a special meal will:

1. Request special meals or other food services by completing the attached Food Request Form FA510.01c, obtaining required approvals and forward it to the Food Services Manager/Supervisor at least ten (10) days prior to the occasion.
2. Organize and provide for all non-food arrangements (i.e. decorations, speakers, sound equipment, certificates, etc.) in order to ensure a quality event.
3. Request student sack lunches for off-Center activities or training, or for community support events or activities, utilizing the Food Request Form, at least two (2) working days in advance of the activity or event unless it is an emergency.

The Food Services Manager/Supervisor will:

1. Provide and schedule all necessary resources for special services as requested and approved on the request form.
2. Inform the requester and Administration Director/Manager of any problems or limitations in providing the requested services.

I. Healthy Eating and Active Lifestyles (HEALs)

Centers shall provide students with an environment that supports healthy eating and active lifestyles, and provide students with education and experiences that promote lifelong health and physical well-being. At a minimum, this program shall include the following components:

1. Establish a Healthy Eating and Active Lifestyles Committee (HEALs) to oversee and coordinate the program. This committee shall include Health and Wellness Manager, Food Services Manager/Supervisor, Recreation Supervisor or specialist, TEAP Specialist, Social Development Director (or designee) and student representatives.

ADAMS AND ASSOCIATES, INC. STANDARD OPERATING PROCEDURE	FOOD SERVICES PLAN
--	---------------------------

2. Incorporate student interest and preferences when planning activities.
3. Demonstrate collaboration between various departments on Center.

Company SOP H.E.A.L.S. Healthy Eating Active Lifestyle Program provides further details regarding the requirements of this program.

J. Student Government Involvement

The Food Services Manager/Supervisor or designee must conduct monthly meetings with the SGA Food Services Committee. Minutes are to be recorded and maintained by the Food Services Manager/Supervisor and SGA representatives. Suggestions from these meetings are to be considered and if applicable, incorporated into the Food Services operation whenever possible.

The Food Services Manager/Supervisor is also encouraged to hold additional student focus groups outside of the required SGA meetings to obtain additional feedback and suggestions.

K. Meal Cost for Staff and Visitors

It is the Company's policy to encourage staff to eat at the Center's dining facilities. Visitors are also welcome to utilize the dining hall. All staff members and visitors are expected to reimburse the cost of meals, at a cost of \$3.00 per meal, unless the DOL Regional Office waives this requirement. Such cases would be community relations programs and special events involving staff and students. Complimentary meal tickets for visiting guests may be obtained from the Center Finance Office, if authorized in writing by the Center Director or Administration Director/Manager. Requesters should use discretion and submit the request well in advance of the visit. Complimentary meal tickets are to be used sparingly on rare occasions and special events and are to be color coded in order to differentiate them from staff purchased meal tickets. Students and assigned Food Services Monitors will be furnished meals at no charge.

Please see SOP Meal tickets for Staff & Visitors (Paid Meals) for additional details regarding the sale of meal tickets.

L. Sanitation and Inspection

The Food Services Manager/Supervisor will adhere to all federal, state and local regulations regarding food services sanitation.

The Food Services Manager/Supervisor will:

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

- Develop and maintain daily and routine (e.g. weekly, monthly, quarterly) cleaning schedule for the Dining Facility.
- Assign and require Food Service staff to conduct daily inspections of the dining hall to discover and correct unsanitary or unsafe conditions and maintenance problems.
- Assign and require Food Service staff to conduct morning and evening HACCP checks of all coolers, freezers and refrigeration, record the temperatures on HACCP daily logs.
- Review and follow-up on all inspections to ensure corrective measures have been implemented.
- Inform the Administration Director/Manager of corrective action taken regarding all Center, County and/or State Environmental Health inspections conducted.
- Be alert for any indication of communicable disease among staff or students and consult with Center medical staff concerning proper action.
- Ensure that when food is received or removed from inventory for use it is not contaminated or spoiled.
- Follow local and state government guidelines and regulations as well as requirements set forth in the PRH 5.10 Food Handling and Storage Pest Control, and Unsanitary Conditions and Water Treatment and the associated SOP Food Handling and Storage, Pest Control, Unsanitary Conditions and Water Treatment.
- The Food Services Manager/Supervisor will ensure that all corporate HACCP form attachments are being effectively used and completed on a daily basis.
- Ensure all staff wear required safety equipment (e.g. goggles, cutting gloves, hairnets, etc.).

The Safety & Security Manager/Safety Officer will:

- Conduct a thorough inspection of the Food Services Facility, to include the kitchen, Dining Hall, Culinary Arts class and Snack Bar/Store on a weekly basis.
- Maintain inspection results on file with copies to the Food Services Manager/Supervisor, Administration Director/Manager and Center Director.
- Arrange for Quarterly Environmental Health Inspections conducted by the County Health Department or other qualified and licensed non-Center personnel or agency.

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

M. Operations and Quality Control

To provide quality meals and dining services operations at all Centers, the Administration Director/Manager and Food Services Manager/Supervisor must take an active role in menu planning and participation in meals with students. At a minimum, the following must occur:

1. The Administration Director/Manager is required to attend at least one of each meal (breakfast, lunch and dinner) on a weekly basis and one weekend meal, i.e. brunch or dinner, once a month on a rotating basis. These visits should be unannounced in order to observe staff performance and quality of food and services provided. These meals are to be eaten with students to offer advice and solicit feedback and to receive recommendations for improvement, complaints, etc. A written evaluation of these meals, outlining appropriate corrective measures based upon student feedback, will be prepared by the Administration Director/Manager and provided to the Food Services Manager/Supervisor for needed action, if appropriate. These evaluations must be written and maintained on file for Company review.
2. Menus must be planned utilizing a 28-day menu cycle around student likes and a healthy eating atmosphere. The Food Services Manager/Supervisor is required to circulate during each meal, talk with students to determine their satisfaction with the meal and respond appropriately to offer food that the majority of students like to eat. He or she must communicate with students to learn their likes and dislikes. The Food Services Manager/Supervisor must meet with Student Government representatives on a monthly basis. Minutes of these meetings must be reviewed with the Administration Director/Manager for proper follow-up and maintained on file with a description of corrective action taken or planned. Menus must be planned and revised periodically to cater to student desires. This is one of the ways service can be improved to the high standards expected to be achieved and maintained.
3. The Administration Director/Manager is responsible to ensure that results from internal student satisfaction surveys, distributed through the Corporate Office to students electronically (i.e. Survey Monkey), are reviewed with the Food Services Manager/Supervisor. Based upon these surveys, needed corrective action to improve the quality of service must be agreed to and implemented.
4. The Administration Director/Manager must periodically conduct random safety and sanitation inspections of the dining hall and kitchen in accordance with

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

PRH requirements. It is important for the Administration Director/Manager to circulate and be aware of the level and quality of service provided by the Food Service operation to ensure a healthy, safe and pleasant eating environment for the students is provided at all times.

5. All Centers must ensure that ample ice is available to consumers, and that the machines are easily accessible and clean.
6. All Food Services Managers/Supervisors are responsible to guarantee that ample supplies of eating and serving utensils are available for use (e.g. plates, glasses, knives, forks and spoons). The Food Services Manager/Supervisor is to ensure that he or she has a par stock of eating and serving utensils on hand at all times.

To ensure an effective and quality Food Services Program, the Food Services Manager/Supervisor is responsible to implement the following points in addition to those previously outlined above:

Management and Budget Control

1. Effective Management of operations in accordance with the DOL Policy and Requirements Handbook (PRH) and Program Assessment Guide (PAG) and the Company Technical Proposal and Standard Operating Procedures (SOP).
2. Effective production schedules and menu planning.
3. Manage and control operating budget and ordering controls as provided by the Center AD.
4. Effective staff training and work schedules.
5. Evaluation of food preparation and serving efficiency, i.e. are students served quickly, the food served is held at the correct temperatures, are staff courteous and providing customer service, etc.
6. Effective Work-Based Learning (WBL) programs for students training and working in the dining facility.
7. Participation in a national contracted agreement and effectiveness.
8. Inventory systems and controls including USDA Commodities.
9. Follow-up on prior reviews and inspections, ensuring corrective measures are implemented and maintained.

ADAMS AND ASSOCIATES, INC.	FOOD SERVICES PLAN
STANDARD OPERATING PROCEDURE	

Appearance and Effectiveness of Dining Facilities

1. Ensure adequacy of kitchen and dining hall equipment.
2. Maintain dining room ambiance, i.e., attractiveness, décor, eating environment, cleanliness, etc.
3. Review daily Food Services Inspection Sheets completed by staff monitors and provide needed corrective action to enhance services.
Ensure prompt submission of maintenance work order requests so needed repairs can be made in a timely manner.
